Think Cirque du Soleil...AcroArmy...

Experience hand balancing, foot balancing and partner contact. You'll practice dynamic & balance skills, building up to routines with music that include a combination of tumbling, partner skills and individual skills with dance.

Dynamic fast-paced skills are combined with throwing and catching the top in a precise manner, making each movement gracefully beautiful and synchronized with partner support.

Coach Hannah is a former USAG Senior National Team Acrobatics Champion with national and international competitive experience.

Sports Acrobatics Gymnastics is FUN, unlike anything you've experienced. Move like you have never moved before.
